# PENNSYLVANIA DEPARTMENT OF AGRICULTURE

## Administrative Organization

FRANK P. WILLITS, *Secretary*

JOHN M. McKEE, *Deputy Secretary*

This Department is essentially a service agency created by legislative enactment to deal with administrative, regulatory, investigational, and educational problems which can best be solved through public rather than individual action. The organization provides for coordination and cooperation with the Pennsylvania State College and the U. S. Department of Agriculture. The Department operates through the following bureaus:

### ANIMAL INDUSTRY: T. E. MUNCE, *Director and State Veterinarian.*

Prevents and eradicates transmissible diseases of animals and poultry, including tuberculosis of animals in cooperation with Federal Government.

Demonstrates to veterinarians control methods for transmissible animal diseases; Supervises vaccination for and the prevention of hog cholera, anthrax, black leg and hemorrhagic septicemia;

Protects public from unwholesome meats through ante and post mortem examinations of animals at slaughtering establishments;

Inspects, licenses and furnishes information as to breeding, soundness and conformation of stallions and jacks standing for public service;

Enforces law requiring licensing of dogs and providing for protection of livestock and people from attacks of uncontrolled dogs;

Maintains laboratory for diagnostic research and experimental projects.

### PLANT INDUSTRY: CHARLES H. HADLEY, *Director.*

Tests agricultural seeds for purity and germination, and enforces State Seed Law;

Inspects orchards, parks, farms, and plant imports for injurious insects and plant diseases;

Enforces laws governing apicultural practices, disease control and housing;

Places and enforces quarantines and carries on eradication campaigns against insect pests and plant diseases;

Inspects and certifies potatoes for seed purposes;

Makes field tests of insecticides, fungicides and weed killers;

Inspects and licenses Pennsylvania nurseries, and licenses all dealers in nursery stock; makes investigations for the control of injurious insects and plant diseases;

Maintains collections of insects, plant diseases, plants, and seeds, and identifies specimens.

### FOODS AND CHEMISTRY: JAMES FOUST, *Director.*

Accomplishes its purpose of protecting Pennsylvania homes against harmful foodstuffs by sampling, analyzing, and bringing prosecution under the laws relating to foods and non-alcoholic drinks, including milk, cream, butter, ice-cream, eggs, sausage, fresh meats, soft drinks, fruit syrups, vinegar and kindred food products;

Regulates and issues licenses for the manufacture and sale of oleomargarine;

Licenses and regulates egg-opening plants and cold storage warehouses, maintaining regular inspection and enforcing twelve-month storage limit;

Inspects milk plants and creameries and regulates weighing, testing, buying and selling of milk and cream on a butterfat basis;

Protects honest manufacturers, importers, selling agents and ultimate users of feeding stuffs, fertilizers, lime products, linseed oil, paint, putty, turpentine, insecticides and fungicides, by means of annual registrations followed by inspections, analyses, prosecutions and the publication of the analyses of these products;

Analyzes special samples for residents of the State at the rate of \$1.00 a sample for feeding stuffs, lime products and linseed oils.

### MARKETS: PORTER R. TAYLOR, *Director.*

Investigates and assists in the marketing of farm products; at present chiefly grain and hay, fruits and vegetables, poultry and eggs, and tobacco;

Compiles and distributes daily market information as to supplies, shipments and prices;

Advises growers on transportation of agricultural products;

Assists cooperative associations and public markets;

Establishes standard grades of farm products and maintains inspection.

### STATISTICS: LEWIS H. WIBLE, *Director.*

Assembles and disseminates essential statistics and facts pertaining to the agriculture of the State, from monthly reports rendered by hundreds of volunteer crop correspondents, information which assists the producer in his sales and interests all industries which deal with agricultural products;

Cooperates with U. S. Bureau of Agricultural Economics in joint crop and livestock reporting and publishes annual and monthly summaries of the data;

Compiles dates of county and local fairs and assembles data pertaining to their success and results during each year.

## PREFACE

---

Harrisburg, Pa., April 23, 1924.

Act No. 412 of the 1917 Assembly providing State Aid to Agricultural Associations was enacted primarily for the encouragement of agriculture. An incorporated agricultural association conforming with the requirements of this Act is entitled to receive from the Commonwealth an annual sum equal to the amount paid by such association as premiums for exhibits at its annual exhibition, but not exceeding \$1,000 and exclusive of premiums paid on trials of speed. The 1923 appropriation sanctioned premiums on livestock, livestock products, horticultural products, handiwork, cereals, bees and bee products,—the class of items covered by “handiwork” being included for the first time.

All but fourteen counties in the State had one or more fairs that applied for State Aid in 1923. The seventy-seven fairs applying paid in premiums, exclusive of speed, \$158,131.41, of which they received from the State \$59,988.01. In other words, the county fairs more than matched the State's fund by \$98,143.40. The limit that the State may contribute is \$1,000 per fair and \$2,000 per county.

While there is much criticism of the “mid-way” as conducted by most fairs, under existing laws the Department of Agriculture has no authority to regulate this feature. Where fair officials have purged their exhibitions of undesirable attractions and demoralizing influences, they are to be highly commended. Many objectionable features have been eliminated from these exhibitions and more effort has been devoted to the enlargement and improvement of the display and competitive features of farm products. The amount of premiums offered for agricultural products is increasing and fair associations are working in closer harmony with the various agricultural agencies to a greater extent every year.

We hope the publication of the information giving the names of the Presidents and Secretaries and dates of exhibitions for the current year may produce the fullest cooperation among the fairs and exhibitors, create interest and lay the foundation for greater effort and higher ideals in the improvement of livestock and agricultural products of the State.

F. P. WILLITS,

Secretary of Agriculture.

# List of County and Local Agricultural Societies and Names and Post office Addresses of Presidents and Secretaries.

County.	Name of Society.	Name and address of President.	Name and address of Secretary.
Armstrong.	Armstrong County Fair Association.	T. M. Campbell, Ford City.	W. H. Bowser, Ford City.
Armstrong.	Kishwaukee Valley Agricultural & Driving Association.	Dr. J. A. Boale, Vandergrift.	W. T. Smith, Vandergrift.
Armstrong.	Dayton Agricultural and Mechanical Association.	H. L. Ellenberger, Dayton.	M. H. Redding, Dayton.
Beaver.	Beaver County Agricultural Association.	D. B. Hartford, Beaver.	M. J. Patterson, Beaver.
